B.T.C Services

- Based on a client's specific needs and environment, we design, implement and operate highly effective and efficient customized security solutions. We provide our clients with a protective and authoritative presence through our dedicated, professional security teams.
- The combination of all of this experience, along with our impressive record of accomplishment in Iraq, gives our clients confidence in choosing BTC for their security needs.
- Our company can provide a range of security options from Executive diplomatic motorcades to low-profile security as well as an extraction team during high threat times, Our experienced team can operate in any environment and adapt to any circumstance according to the clients need.
- Our valued ethics in the industry also guarantee discretion and privacy as one of our main attributes towards the client, their business interests and safety.

SECURITY

Mobile Security Teams

- B.T.C offers mobile security services using Private Security Detail (PSD) and Convoy Escort Teams (CET). Mobile operations have been conducted in hostile environments in Iraq in the last several years without loss of personnel or assets under our protection. It is due to the highly skilled and experienced employees as well as our policies and SOPs that we maintain these safety standards.
- The Mobile Protection Team (MPT) teams are the dedicated teams for immediate protection of the client's personnel. Dedicated MPT teams who are manned by highly trained, licensed and fully equipped personnel will be responsible for the protection our clients.
- B.T.C also provides asset protection to the clients and their interests within Iraq, with an ever-evolving threat situation in Iraq we can guarantee the safe-guarding of assets and personnel, even in the event that the client must withdraw all staff, B.T.C will provide protection to the clients remaining assets in order for them not to lose their footprint in Iraq.

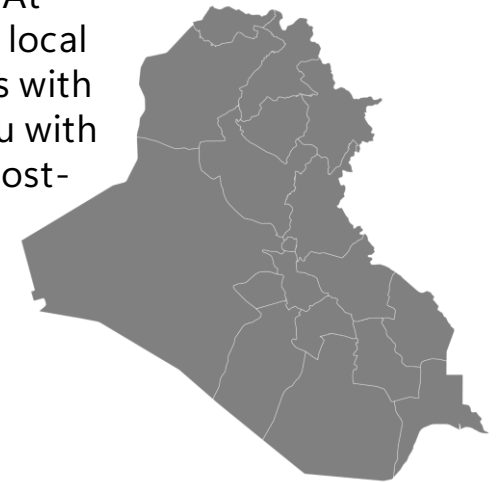

**Always ready to be
of service and
meet all safety and
Security needs.**

Static Guard Force

B.T.C provider of highly trained Security Guards as our reputation is based on providing an effective and cost-efficient solution. We offer static or fixed site security through B.T.C. Integrated security services begin with a Site Survey of a camp, facility, or future site. With us, you'll receive a comprehensive on-site assessment of your facility's current physical security conditions, including an evaluation of security staff, badges, procedures, communications capabilities, emergency action plans, command centers, and training programs. B.T.C security plans are designed to meet our clients' security environment, local laws, international laws, and local community needs. At B.T.C when working in other host countries we work with local governments and local communities in order to gain support and favor for our clients as this provides us with many more resources especially in high threat environments. We will provide you with final reports documenting the efficiency of security measures and recommend cost-effective solutions for mitigating and eliminating risks.

B.T.C Operational Management

- With our expertise, we are able to propose cost-effective, risk-mitigating solutions such as static guard forces, mobile security teams, and operation control centers in Baghdad and all of Iraq, quick response teams, and asset tracking.
- B.T.C approach to providing security is predicated on the foremost current data and analysis; we have a tendency to establish and avoid unacceptable security risks and conduct careful threat and risk assessments before all planned movement as a part of an in depth Security planning.

Cash in Transit (CITs)

- We design our systems and methods to meet strict PSD and international standards as well as international standards. However, they are customized to meet specific requirements for banking and retail trade in providing safe and secure transportation. Count on our highly trained, trustworthy and reliable escorts to deliver your valuables in excellent shape and on time. Armored CIT Fleet Trustworthy CIT Escorts Quick Reactionary Force Low Rates 24/7 Armored CIT Dispatch.

Armored Vehicles

- Our partnership with Al mujazf Gold Company enables us to supply of special purpose armored vehicles, bulletproof cars, trucks, SUVs & cash-in-transit.
