Accuracy

We ensure accuracy in the successful execution of our missions, tailoring our approach to each client's specific needs while adapting seamlessly to the operational environment.

Overview

- ❑ Black Tiger Company for Security Services and Private Guards is officially registered with both the Ministry of Interior and the Ministry of Commerce to conduct security operations and provide private guard services.
- ❑ The company employs a team of highly experienced international experts to manage critical roles and deliver security services in line with international standards, supported by a wealth of knowledge gained from over 50 years of combined experience in the security industry.
- ❑ Our management's deep understanding of local culture, coupled with strong regional relationships, enables us to effectively meet the diverse needs of our clients.
- ❑ All employees are trained to international standards, with management ensuring they uphold the highest level of professionalism at all times.
- ❑ In partnership with Al-Mujazf Gold Company for General Logistics Services - operating across Iraq and the Kurdistan Region - we provide comprehensive logistical support to both our operations and our clients. Furthermore, our company is internationally registered, including with the United Nations.

B.T.C Services

- ❑ Based on each client's specific needs and operational environment, we design, implement, and manage highly effective, customized security solutions. Our dedicated and professional security teams provide a protective and authoritative presence, ensuring peace of mind for our clients.
- ❑ The depth of our experience, combined with a proven track record of successful operations in Iraq, reinforces our clients' confidence in choosing Black Tiger Company (BTC) for their security requirements.
- ❑ We offer a wide range of security services, from executive diplomatic motorcades to low-profile protective solutions, as well as rapid extraction teams during high-threat situations. Our experienced personnel are capable of operating in any environment and adapting seamlessly to evolving circumstances in accordance with client needs.
- ❑ Furthermore, our strong ethical standards guarantee the highest levels of discretion and privacy, safeguarding our clients, their business interests, and their safety.

SECURITY

Mobile Security Teams

- ❑ Black Tiger (B.T.C) provides mobile security through Private Security Details (PSD) and Convoy Escort Teams (CET). Over several years of operations across high-risk areas in Iraq, we have recorded no losses of personnel or protected assets. This performance reflects the competence of our people and the strength of our policies, standard operating procedures (SOPs), and supervision.
- ❑ Our Mobile Security Teams (MST) are dedicated close-protection units for immediate safeguarding of client personnel. Each team is staffed by highly trained, licensed, and fully equipped operators who assume full responsibility for the safety of our clients during movements and site transitions.
- ❑ B.T.C also delivers comprehensive asset protection for client facilities, equipment, and commodities throughout Iraq. Given the evolving threat environment, we maintain measures that safeguard assets and continuity of operations. If a client must temporarily withdraw staff, B.T.C will secure remaining assets and critical locations to help preserve the client's footprint in Iraq.

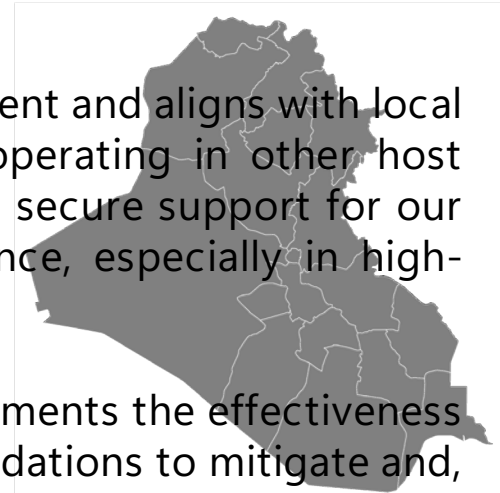

Always ready to deliver -

and assets with
uncompromising safety and
security

Static Guard Force

- ❑ Black Tiger (B.T.C) provides highly trained security guards and delivers effective, cost-efficient protection. Our static security services begin with a detailed Site Survey of your camp, facility, or planned location. You will receive a comprehensive on-site assessment of current physical security conditions, including an evaluation of:
 - ✓ Threats
 - ✓ Vulnerabilities
 - ✓ Risks
 - ✓ Recommended security counter-measures
- ❑ Every B.T.C security plan is tailored to the client's operating environment and aligns with local law, international standards, and community expectations. When operating in other host countries, we work closely with local authorities and communities to secure support for our clients—an approach that expands resources and enhances resilience, especially in high-threat environments.
- ❑ At the conclusion of the survey, we provide a formal report that documents the effectiveness of existing measures and presents practical, cost-effective recommendations to mitigate and, where possible, eliminate risk.

B.T.C Operational Management

- ❑ With our expertise, we deliver cost-effective, risk-mitigating solutions across Iraq - including static guard forces, mobile security teams, operations control centers (Baghdad and nationwide), quick-response teams, and asset tracking.
- ❑ B.T.C's security approach is driven by current data and analysis. We identify and avoid unacceptable risks, and we conduct thorough threat and risk assessments before every planned movement as part of a detailed security planning process.

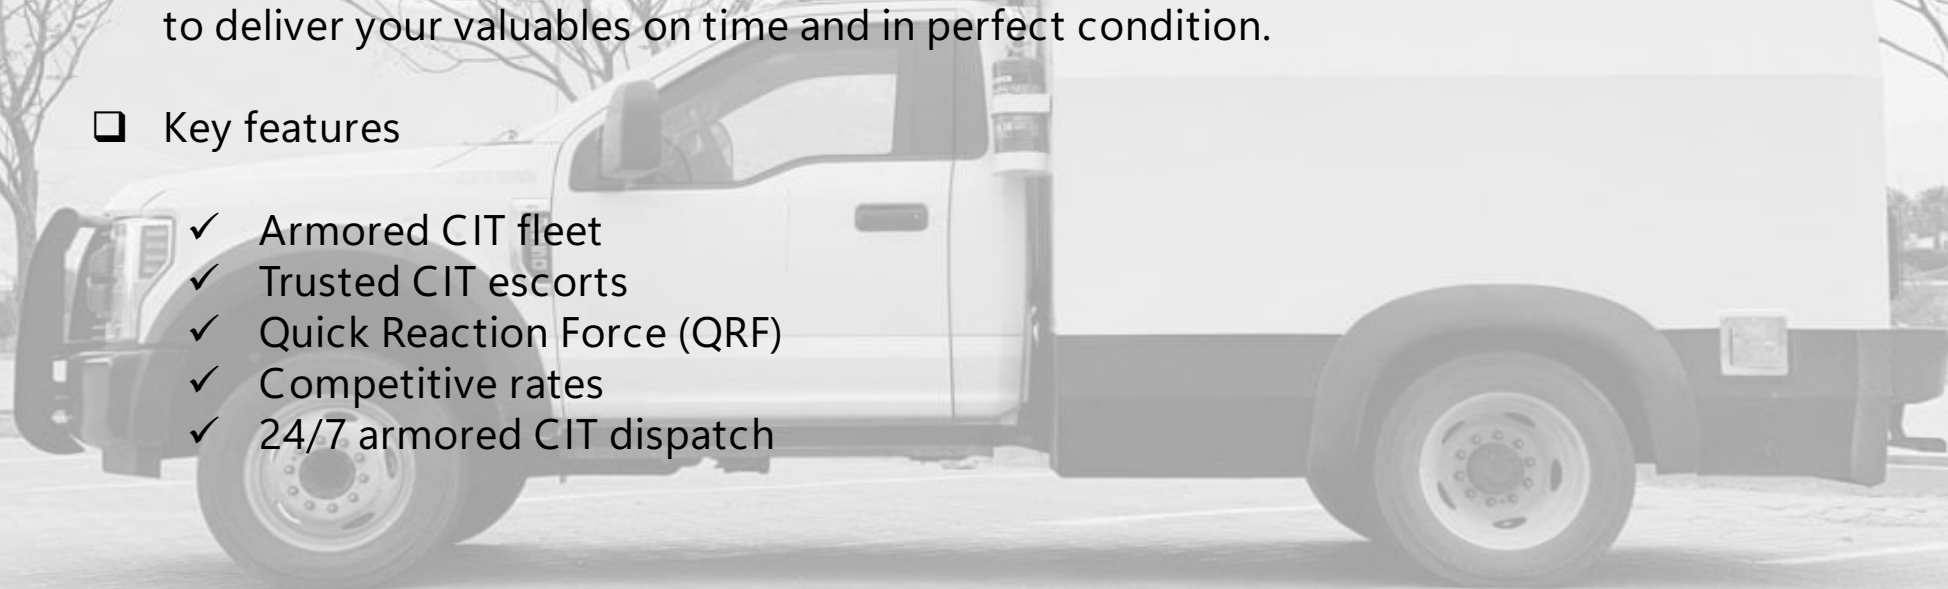

Cash in Transit (CITs)

- ❑ We design our systems and procedures to meet stringent PSD and international security standards, then tailor them to the specific needs of banking and retail clients for safe, secure transportation. Rely on our highly trained, vetted, and reliable escorts to deliver your valuables on time and in perfect condition.

- ❑ Key features

- ✓ Armored CIT fleet
- ✓ Trusted CIT escorts
- ✓ Quick Reaction Force (QRF)
- ✓ Competitive rates
- ✓ 24/7 armored CIT dispatch

Armored Vehicles

- ❑ Our partnership with Al Mujazf Gold Company enables us to supply special-purpose armored vehicles—including bullet-resistant cars, trucks, SUVs, and cash-in-transit (CIT) platforms.
- ❑ Our partner brings deep technical expertise and extensive experience operating large-scale Maintenance, Repair, and Overhaul (MRO) facilities. These facilities deliver heavy-duty and light-vehicle MRO services to foreign companies in Iraq and other regional partners.
- ❑ Quality and professionalism are assured through highly trained, specialized mechanics who manage the workshops and maintenance programs, ensuring consistent, certified workmanship and maximum fleet availability.
